

Oconee State Bank

COVID-19 Update

Our utmost priority is the health, safety, and well-being of our team, our customers, and the communities we are proud to serve. After careful consideration, due to the rise of COVID-19 cases within our local communities and the impact this has on our customers and team, our financial center lobbies will be closed effective Monday, July 20th. For the foreseeable future, we will service our customers through our drive-thrus, remotely through our Electronic and Mobile channels, and grant access to our lobbies by appointment only.

We are taking intentional steps to ensure that your banking experience with Oconee State Bank will be one that exceeds your expectations, while keeping your safety top of mind.

Complete account access is at your fingertips 24/7 through Online Banking and our Mobile Banking App. Visit oconeestatebank.com or call 706.769.6611 for further assistance or to setup an appointment to visit our financial centers.

Your trusted community banking team is committed to remaining essential to the lives, businesses, and communities we serve.
